
Title: Outpost

Author: Martoof

We are making so much
money stationed here, not
off the citezens off the
land mind you, but the
Pyramid to the west
holds great riches!
Vincent has informed me
we are the most
productive of all the
stationed Brigand camps! I
asked him what the word
"chyn" means on my
necklace, and he informed
me its one of eight
syllables needed to enter
his Headquarters - the
day he is 'retired' from
being the Brigand master,
all the Officers are to
meet there and go into
his private quarters
where they can decide
who the next brigand
Master shall be. He also
informed me none of the
other officers know this,
as I was his preferred
heir.
